Empowerment Through Education

Amit Garg
Founder Trustee, IEF

It is my pleasure to invite you to the CEC- RoundTable, where we are hosting School Principals and Teachers who have joined us in the Career Excellence Centre (CEC) initiative.

These centres will help the students to make right choices about their career based on their inherent talent. CEC will offer a unique platform to the institutions of repute for establishing a direct "one-on-one" connect with the student community.

Together let us give wings to the dreams of young minds.

Look forward to seeing you at the CEC-Moradabad.

Warmly,

Amit Garg
